PLAY & STAY

Cambridge offers a range of activities with something to meet all ages and interests. Whether you are looking for something active and exhilarating, or less energetic but still engaging, then we have the right activity for you.

We can make an experience package for you to create memories that will stay with you forever.

Rural New Zealand

The Waikato is renowned for some of the best farming land in the world. Take a tour around a **Dairy Farm**, or a **Deer Stud Farm**, or visit a famous **Thoroughbred Stud** that has produced some of the world's finest racehorses. There is also an opportunity to get a real **Taste of the Waikato** spending a day touring some of our finest producers.

Ecological and Cultural Treasures

Bounded by the longest predator free fending in the southern hemisphere, our **Sanctuary Mountain** provides a unique chance to see much of NZ's protected wildlife in their natural habitat. The more active can take a tramp up **Maungakawa Sanitarium Hill**, another of our natural treasures. You can also enjoy a fascinating two hour **Guided Historical Tour** of our village.

Get on the Water

Paddleboarding, kayaking and jetboating provide an opportunity to play on the Waikato, the mighty river that is the lifeblood of the region. Experience a night-time trip in a kayak to marvel at the **glow-worm canyon**. Or you can **fish the lake**, or the nearby streams, or even take a day out **hunting in our native bush**.

Pedal Powering Away

Two of New Zealand's greatest Cycle-Ways thread alongside the Waikato River. **The Great Te Awa River Ride** and the **Waikato River Trails** provide a great activity for families or individuals to cycle for hours or days, whatever is their choice. For the bike enthusiast, **'Have a Go'** at one of the world's fastest tracks, the **Avantidrome**.

Iconic Attractions

Hobbiton Movie Set, Waitomo Caves, and **Blackwater Rafting** are all within an easy one hour drive from the village centre.

And then there is the real thrill of taking part in a sulky race and feeling the **Horsepower of Harness Racing** on the track.

Let us build a programme of activities for you that fits your time available and is within your budget
